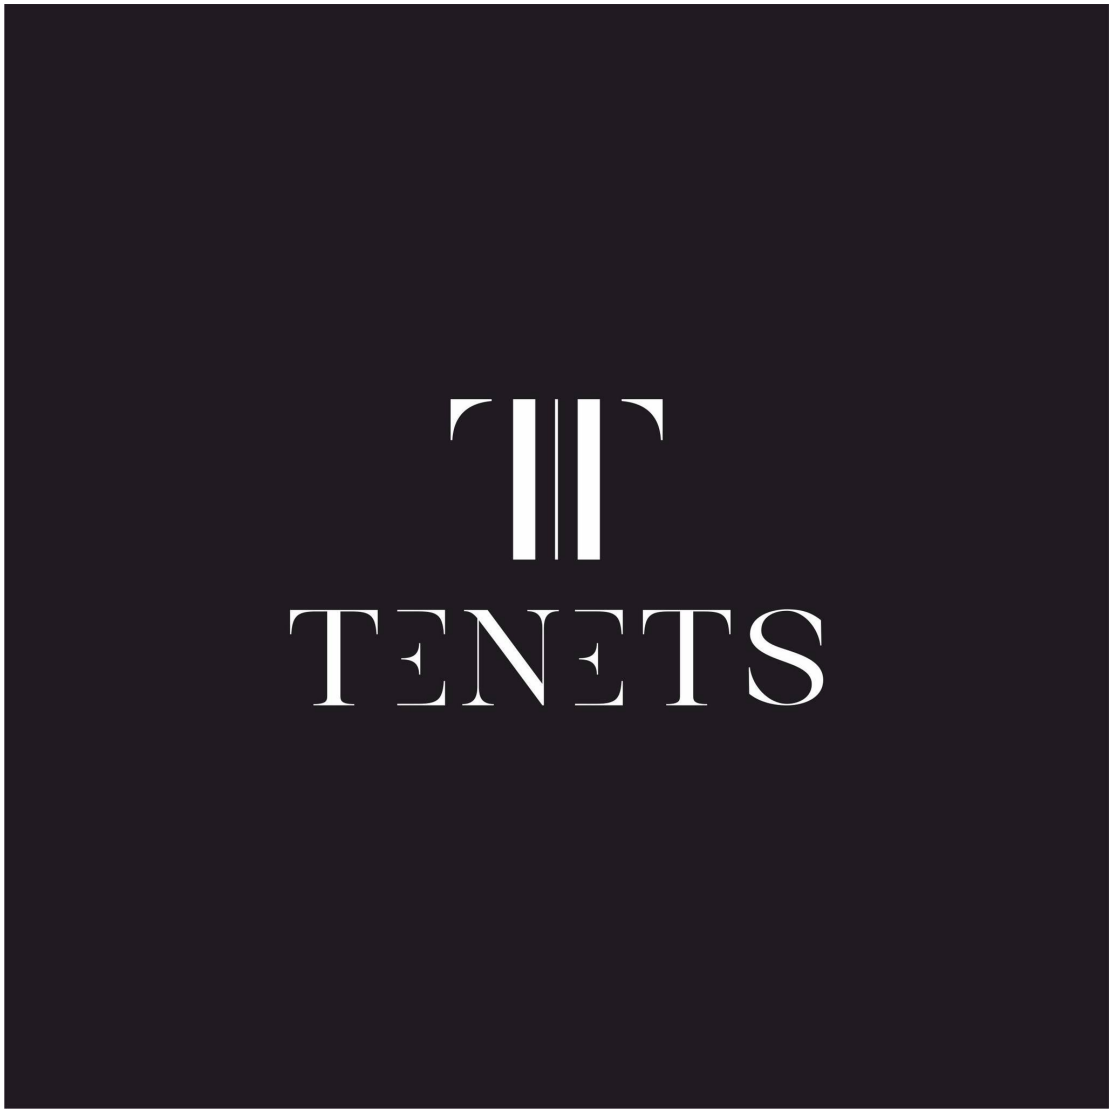
Tenets Apparel



We are pushing the boundaries of Greek Apparel to compete only with whats already in your closet. Our beliefs are, there should be no difference between the quality, designs and service of luxury brands and Tenets Apparel. Our designs allow you to represent your organization in any environment, mirroring the industry standards of luxury brands. The materials we use are the same. The craftmanship is from the same factories. The designs are sleek and modern. The only thing you have to decide is whether you will wear your favorite Fear of God apparel or Tenets.
